

# Universal Compute Platform

#### Container-as-a-Service

- Application deployment and management
- · Hosted on the customer premises

#### **Optimized Architecture**

· Kubernetes Managed Docker

#### Container microservices architecture

 High performance, high availability hardware stack

#### Universal Compute Platform

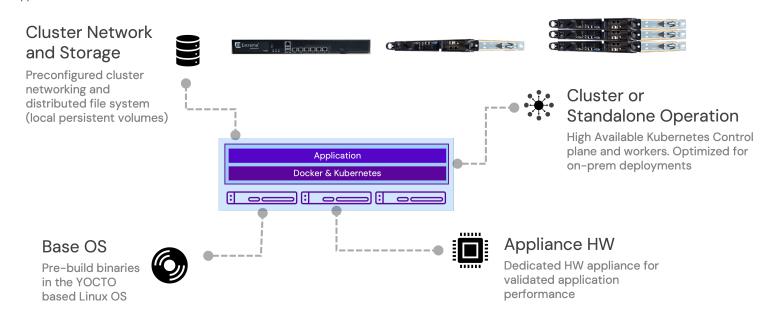

The Universal Compute Platform forms the basis for ExtremeCloud Edge deployment models, providing a container-based orchestration framework, in an Extreme qualified and validated high performance hardware configuration. The framework natively supports clustering, distributed file system and orchestration through Kubernetes, providing a highly resilient application operational base. CaaS is a cloud service model that allows users to manage and deploy containers, applications, and clusters through container-based virtualization.

The Universal Compute Platform offers flexible application orchestration, enables self-guided application installation, management, and full SaaS deployment of select applications such as ExtremeCloud  $^{\text{TM}}$  IQ.

#### **Universal Compute Platform**

The Universal Compute Platform appliance is a high-performance appliance that hosts the middleware component sets of Extreme Universal Compute Platform. The appliance provides a high-performance computing platform for application deployment and hosting with asserted performance. The appliance provides a highly available Kubernetes Control plane, distributed filesystem and workers on three nodes, which are optimized for on-premises deployments.

Onboarding a cluster onto ExtremeCloud IQ provides central visibility of the state of operation. Visibility of cluster state is also provided directly from the appliance itself.

### **Technical Specifications**

Currently the following Universal Compute platforms are available:

- $\cdot$  1130C for Small Scale Self-Orchestration ExtremeCloud Edge application deployment
- · 2130C for Mid-Scale Self-Orchestration ExtremeCloud Edge application deployment
- · 3150C for Large-Scale Self-Orchestration ExtremeCloud Edge application deployment
- · 3160C for Managed Orchestration deployments

#### **Universal Compute Platform 1130C**

omitersal compate					
Length	43 cm (16.93 in)				
Width	32 cm (12.58 in)				
Height	4.4 cm (1.72 in)				
Weight	5.9 kg (13.07 lb)				
Operating Temperature	+0°C to +40°C (+32°F to +104°F)				
Storage Temperature	-40°C to +60°C (-40°F to +140°F)				
Humidity	5% to 90%, non-condensing				
19" Rack Mountable	1U configuration to fit standard 19 in. rack (rack mounting ears, fasteners, and rubber feet in the package)				
Data Ports	4 x 1Gbps BASE-T				
Management Ports	2 x 1 Gbps BASE-T 2 x USB 3.0 ports. Use one. RJ45 Console Port				
Power Specifications	Power (max): 150 W Voltage: 110/240 VAC				
Regulatory/Safety	<ul> <li>USA, UL60950-1, 62368-1 Listed Device</li> <li>Canada, CSA 22.2 #60950-1, 62368-1</li> <li>EN 62368-1</li> <li>2014/35 EU Low Voltage Directive</li> </ul>	International Safety  CB Scheme IEC 62368-1 Ed.+ National Differences  Australia/New Zealand, AS/NZS 62368-1  Taiwan, BSMI CNS 15598-1  China, GB 4943.1

#### **Warranty**

All UCP appliances are covered under Extreme's 1 year hardware warranty. For warranty details, visit: <a href="http://www.extremenetworks.com/support/policies">http://www.extremenetworks.com/support/policies</a>.

#### **Maintenance Services**

Extreme's maintenance and support services are provided 100% by in-house engineering experts. We have a rate of over 90% first-person resolution, ensuring efficient operation of your business-essential network. With 24 x 7 x 365 phone support, advanced parts replacement, and on-site support, we augment your staff with expert resources to help you mitigate critical network issues fast. For maintenance services details, visit <a href="ExtremeWorks Maintenance Services">ExtremeWorks Maintenance Services</a>.

#### **Optics and Transceivers**

For a list of optics and transceivers supported on the UCP platforms, refer to Extreme Optics Compatibility Tool.

#### **Power Cords**

Power cords are not included with the UCP platforms in support of our green initiatives, but can be ordered separately.
