## Advance Notification of End-of-Sale of EPS-500 RPS

---

This document is the advance notification of the March 31, 2017 end-of-sale of the EPS-500 Redundant Power Supply (RPS).

The Extreme Networks® EPS-500 is an IEEE 802.3af (up to 15.4 watts on a port provided by a 52VDC power supply) external redundant power supply that could be used to provide redundant power to select Extreme Networks IEEE 802.3af switches and non-PoE switches. Now that all PoE switches sold by Extreme Networks provide IEEE 802.3at power (up to 30 watts on a port provided by a 54VDC power supply), Extreme is announcing the plan to End of Sale the EPS-500 by March 31, 2017.

### Products Affected

Part #	Name	Product Description
10911	EPS-500 External AC PSU	External Power System 500 Watts, with cable

### Definitions

- **End-of-Sales Announcement Date:** Date of official End-of-Sales notice.
- **End-of-Sales Date:** The last date to order the product through Extreme Networks point-of-sale mechanisms. The product is no longer offered for sale after this date.
- **End-of-Life Date:** The last date a product will be supported by Extreme Networks.

### End of Sales Milestones

Platform	EOS Announce Date	EOS Date	EOL Date
EPS-500	10/31/2016	3/31/2017	3/31/2022

### Replacement Products

Please note that the EPS-500 was used to provide redundant power for the X440 and older IEEE802.3af switches that have since been retired. Extreme now offers an equivalent 500 watt IEEE 802.3af RPS solution (the RPS-500p) for all currently shipping PoE switches that support an external redundant power supply, namely the X440 and the X440-G2. In addition, the new RPS-500p can also be used to provide redundant power to currently shipping non-PoE switches that support an external redundant power supply (X440, X440-G2 and X450-G2) although there are much less costly external non-PoE RPS models available (STK-RPS-150PS and RPS-150 XT)

Part #	Replacement Part #	Description
10911	10923	RPS-500p - External PoE+ Redundant Power Supply Unit 500 Watts with cable, Power cord ordered separately

### Product Availability

These end-of-sale notice products will be orderable until March 31, 2017 or until inventory is depleted and no longer available.

### Ongoing Support

New contracts may *only* be added in the first 12 months following the end-of-sale date. Existing contracts may be renewed during the first 4 years of the end-of-support period, provided that during the period following the end-of-sale date, the hardware replacement services provided do not include any 4-hour or onsite services, and that the contract expiration date does not extend beyond the end-of-support date as specified above. During the support period, replacement of product and/or repairs may be limited by availability of components. Extreme Networks reserves the right to change prices and/or discontinue any service plans at any time on end-of-sale product. For detailed information regarding service pricing on this end-of-sale product, please consult your local Extreme Networks sales representative for the most recent price list.
