Please note that the end of sale date for an individual model will be driven by “while supplies last”. While the End of Sale date is effective 6/30/18, distributors should contact Extreme Networks to confirm whether any additional supply is available prior to placing purchase orders. Remaining inventory will continue to be sold while available.

Definitions

- **End-of-Sales Date (EOS):** The last date to order the product through Extreme Networks point-of-sale mechanisms. The product is no longer offered for sale after this date.
- **End-of-Software-Maintenance Date (EOSM);** The last date that Extreme will release any maintenance or patch releases for a specific major release.
- **End-of-Services Life Date (EOSL):** The last date a product will be supported by Extreme Networks.

End of Sale Returns

On any End of Sale Products (EOS), Distributors will have 90 days from the officially published final end of sale date to return the unopened factory sealed products. After 90 days, Extreme will not accept any returns on EOS products. End of Sale return rights are independent of the stock rotation privileges. Extreme Networks will bear all cost for return ground freight using our preferred carrier on the End of Sale Returns defined herein. Stock Rotation Rights (Does not apply to non-stocking Distributors) As a stocking Distribution Partner you will have access to quarterly stock rotation privileges. Your Stock rotation privileges provide an allowance amount of 10% of the prior net quarters purchases with an offsetting purchase order required in an equal or greater amount than the approved stock rotation. Products approved for stock rotations must be current products and in factory sealed original packaging to be eligible for return. The Distributor is responsible for all freight costs associated with the approved stock rotation return. Extreme will not accept open box products, defective products or end of sale products, as part of stock rotations. Under no circumstances are returns for defective materials to be included in stock rotations. The Reseller or End-user should return defective products via the RMA process directly by opening a request through the Extreme Networks Global Technical Assistance Center (GTAC)

Ongoing Support

New contracts may *only* be added in the first 12 months following the end-of-sale date. Existing contracts may be renewed during the first 4 years of the end-of-support period, provided that during the period following the end-of-sale date, the hardware replacement services provided do not include any 4-hour or onsite services, and that the contract expiration date does not extend beyond the end-of-support date as specified above. During the support period, replacement of product and/or repairs may be limited by availability of components. Extreme Networks reserves the right to change prices and/or discontinue any service plans at any time on end-of-sale product. For detailed information regarding service pricing on this end-of-sale product, please consult your local Extreme Networks sales representative for the most recent price list.
