COURSE OUTLINE: ExtremeCloud™ IQ Controller – Management

EXTREMECLOUD IQ CONTROLLER MANAGEMENT — Extreme networks

ASSOCIATED BADGE

ExtremeCloud™ IQ Controller – Management

COURSE DURATION

Instructor-Led: 1 Day
On-Demand: 3 hours

REGISTER

DELIVERY METHOD

Instructor-Led: In-person and virtual training sessions, both with hands-on lab activities.

On-Demand: Flexible, self-paced learning without hands-on lab activities.

COURSE OVERVIEW

The course covers additional information on how to manage ExtremeCloud™ IQ Controller. It teaches how to work with users, backups, health widgets and how to integrate with Network Management Systems based on ExtremeCloud IQ – Site Engine as an example.

WHO SHOULD ATTEND

This course is for partners and power users that want to expand their knowledge in managing ExtremeCloud IQ – Controller including interacting with NMS such as ExtremeCloud IQ – Site Engine.

MANDATORY PREREQUISITE

Students should already possess a learning credential for ExtremeCloud IQ Controller - Installation and Configuration.

COURSE OBJECTIVES

Upon completion of this course, students will have gained the working knowledge to:

- Manage users in ExtremeCloud IQ Controller
- Monitor ExtremeCloud IQ Controller deployment through System Health Widget
- Manage system backups
- SSH/SNMP integration with ExtremeCloud IQ – Site Engine

AGENDA

- Administration and Management Basics
- Software and Configuration Management
- Integration with ExtremeCloud IQ - Site Engine
