Instructor-Led: 1 Day
On-demand: 3 hours

[REGISTER](#)

DELIVERY METHOD

Instructor-Led: In-person and virtual training sessions, both with hands-on lab activities.

On-Demand: Flexible, self-paced learning without hands-on lab activities.

COURSE OVERVIEW

You will learn how to manage your wireless network using ExtremeCloud™ IQ/ Extreme Platform ONE™. This knowledge is reinforced through hands-on experience with networking equipment in a lab environment, where you will perform real world tasks.

WHO SHOULD ATTEND

This course is for personnel who are responsible for managing a wireless network with ExtremeCloud IQ/ Extreme Platform ONE.

COURSE OBJECTIVES

Upon completion of this course, you will be able to:

- Manage Licenses and Inventory
- Manage APs on your network.
- Work with ExtremeCloud IQ/ Extreme Platform ONE logs
- Monitoring your wireless network

PRE-REQUISITE:

To take part and to gain the most benefit from this training, you must possess the full learning credential in ExtremeWireless Cloud – Installation and Configuration.
