

Update to End-of-Sale Notification for S-Series Modular Switch Family and TAA models of the SSA Switch Family

April 30, 2019

This End of Sale notification is intended to announce the End of Sale for S-Series Switches on April 30, 2019.

Update 4/25/2019; The end of sale date for S-Series SKUs identified below is being extended to July 31, 2019. Note that this notice represents extension of the End of Sale date (only) for the identified SKUs; the End of Software Maintenance and End of Service Life dates will remain as previously defined, as shown below.

The End of Sale date for a number of SKUs will remain at 4/30/2019 as there is no remaining inventory as noted below.

The Extreme Networks S-Series family of flow-based switches was GA in 2009 to bring high-performance distributed switching to the access, distribution, campus and data center network. Consisting of 8, 6, 4, 3 and 1 slot chassis options, as well as a fixed configuration S-Series Standalone (SSA), the family offers more than 9.5 Tbps backplane capacity and some of the highest switching port densities per rack in the market.

Note that while the TAA models of SSA switches are included in this EOS notice, the non-TAA models are not included.

Please note that the end of sale date for an individual model will be driven by “while supplies last”.

Products with extended End of Sale date

Marketing Part Number	Product Description	New EOS date	EOSM date	EOSL date
S1-CHASSIS-A	S-SERIES S1 CHASSIS A WITH FANS	7/31/2019	4/30/22	4/30/24

Replacement Products

Depending in the specific network application, replacement products to consider are the VSP8600 and 8400 families, as well as the SLX and MLX family of products. For detailed product specifications please refer to the product pages.

<https://www.extremenetworks.com/products/extremeswitching/>

Definitions

- **End-of-Sales Date (EOS):** The last date to order the product through Extreme Networks point-of-sale mechanisms. The product is no longer offered for sale after this date.
- **End-of-Software-Maintenance Date (EOSM):** The last date that Extreme will release any maintenance or patch releases for a specific major release.
- **End-of-Services-Life Date (EOSL):** The last date a product will be supported by Extreme Networks.

End of Sales Milestones

Platform	EOS Date	EOSM Date	EOSL Date
S-Series Switches	As defined above	4/30/2022	4/30/2024

Note that the availability of each individual module is “while supplies last”, and supply of any module is not guaranteed through the End of Sale date.

End of Sale Returns

Distributors and Partners should refer to the applicable Extreme policy regarding product returns as result of End of Sale notification and End of Sale.

Ongoing Support

New contracts may *only* be added in the first 12 months following the end-of-sale date. Existing contracts may be renewed during the first 4 years of the end-of-services-life period, provided that during the period following the end-of-sale date, the hardware replacement services provided do not include any 4-hour or onsite services, and that the contract expiration date does not extend beyond the end-of-services-life date as specified above. During the support period, replacement of product and/or repairs may be limited by availability of components. Extreme Networks reserves the right to change prices and/or discontinue any service plans at any time on end-of-sale product. For detailed information regarding service pricing on this end-of-sale product, please consult your local Extreme Networks sales representative for the most recent price list.

Contact Information

For more product and service information, please contact your Extreme Networks authorized business partner or Extreme Networks sales associate.

This notice is further conditioned upon the terms and conditions as described in Extreme’s published End of Sales / End of Support / End of Life policies located at the following link:
