Cisco to Extreme Networks Conversion Course: Cloud Management

**COURSE DURATION**
4 hours

REGISTER

**DELIVERY METHOD**
**On-Demand:** Flexible, self-paced learning without hands-on lab activities.

## COURSE OVERVIEW

This self–paced course provides a brief overview of associate–level networking concepts and compares the configuration and management of networks using two industry–leading networking solutions: Cisco Meraki and Extreme Network's ExtremeCloud™ IQ.

The training consists of both written and video based learning.

## WHO SHOULD ATTEND

Whether you're an Extreme Networks administrator looking to broaden your understanding or a Cisco professional looking to become familiar with Extreme Networks ExtremeCloud IQ, this course is for you.

## COURSE OBJECTIVES

On completion of this course you will be able to:

- Navigate and operate ExtremeCloud IQ.
- Demonstrate a comprehensive understanding of fundamental networking principles
- Apply theoretical knowledge to practical implementations on both Extreme Networks and Cisco platforms.

## AGENDA

- Introduction to Network Configuration in Cisco Meraki
- Overview of ExtremeCloud
- Managing Wireless networks with ExtremeCloud IQ
- Managing Wired networks with ExtremeCloud IQ
