COURSE OVERVIEW

In this series, students will be looking at ExtremeCloud IQ – Site Engine. We'll learn about the difference Site Engine makes to the world of a network administrator and this will help students understand how powerful it is! We'll also look at the features that make ExtremeCloud IQ – Site Engine so great, including scripting, automation, policy manager, Extreme Analytics and Extreme Control (NAC). Finally, we'll wrap up by showing where ExtremeCloud IQ – Site Engine sits in the big picture of an entire network.

WHO SHOULD ATTEND

This course is designed for individuals who are new to the field of network infrastructure, site deployment and management, or those who have some experience and want to enhance their knowledge and skills.
