

---

**Advance Notification of ERS Portfolio Changes to remove Material Codes with included Power Cords when transitioned to Extreme Networks price list and ordering tools. Only Switch and Power Supply models with No Power Cords (“A” version) will be offered through Extreme Networks. Power cords will need to be ordered separately for each chassis or power supply.**

**As a result of this change, this Notification is also intended to provide advance notification of the End of Sale of the switch and power supply Material Codes which contain power cords. These models are indicated by the 7<sup>th</sup> character (“B”, “C”, “D”, “E” or “F”) for switches and power supplies.**

**This notice is NOT intended to imply End of Sale for the product families or “A” models of each family impacted by this change. The “A” versions of each model will continue to be available through Extreme Networks.**

---

This document is the advance notification intent to release only the ‘no power cord’ models of ERS switches and power supplies when transitioned to the Extreme Networks price list and ordering systems. Customers and partners will need to order the “A” version of each switch or power supply, and to separately order the appropriate power cord for each switch or power supply.

This document is also the advance notification of the April 8, 2017 end-of-sale of the models of each switch and power supply which contain included power cords. The affected models are listed below, along with the equivalent “Base unit without power cord” along with the “Heritage Avaya power cord” and “Extreme Networks power cord” required for equivalency. Both power cords will be available from Extreme Networks. The “Heritage Avaya power cord” is available from Avaya today for new quotes and purchases if desired.

Please note that the end of sale date for an individual model will be driven by “while supplies last”. If demand for a specific model spikes over what has been the normal demand for that model, the end of sale date for that specific model may happen earlier than April 8, 2018; however, the ‘Base unit without power cord’ versions are not affected by this notice and will continue to be offered.

Extreme Networks Confidential and Proprietary. Do not distribute without the express written consent of Extreme Networks, Inc. Specifications Are Subject To Change Without Notice. ## Definitions

- **End-of-Sales Announcement Date:** Date of official End-of-Sales notice.
- **End-of-Sales Date:** The last date to order the product through Avaya point-of-sale mechanisms. The product is no longer offered for sale after this date on Avaya systems. The affected models will not be offered for sale through Extreme point-of-sale mechanisms.
- **End of Support Services Software:** The last date that new software releases, including patches and bug fixes, will be created. This date conforms to Avaya lifecycle policies for the affected products. *This date is NA as a result of this announcement; the “Base unit without power cord” will continue to be offered by Extreme Networks, along with new software releases and patches. The software lifecycle for these products is not affected by this announcement.*
- **End-of-Life Date (End of Support Services):** The last date a product will be supported by Extreme Networks. *This date is NA as a result of this announcement; the “Base unit without power cord” will continue to be offered by Extreme Networks, along with new software releases and patches. The software lifecycle for these products is not affected by this announcement. Hardware support and maintenance for these products will continue to be offered and any lifecycle dates will be aligned with the “Base unit without power cord”.*

## End of Sales Milestones

Platform	EOS Announce Date	EOS Date	End of Support SW	EOL Date
Affected VSP platforms as defined	11/15/2017	4/8/2018	NA	NA

## Replacement Products

This announcement reflects only a change to the ordering processes for these product families. Customer and partners will need to order the “Base unit without power cord” and either the “Heritage Avaya power cord” or the “Extreme Networks power cord”. The associated ‘Base unit without power cord” and power cords required to replace the affected Material Codes are defined in this document.

This notification is NOT intended to define or imply the End of Sale of the ‘Base units without power cords” or their associated product families.

## **Product Availability**

These end-of-sale notice products will be orderable until April 8, 2018. After April 8, 2018, customers and partners will need to order the “Base unit without power cord” and separately order the associated power cord.

## **Ongoing Support**

The availability of Maintenance contracts is unaffected by this announcement. This announcement is not intended to imply the End of Support Services (End of Life) of the affected products or families.

## **Contact Information**

For more product and service information, please contact: [anordersupport@extremenetworks.com](mailto:anordersupport@extremenetworks.com) or your local Extreme Networks partner or sales representative.

This notice is further conditioned upon the terms and conditions as described in Extreme’s published End of Sales / End of Support / End of Life policies located at the following link:

<http://www.extremenetworks.com/support/end-of-sale-and-end-of-support-products>
